## TODAY

President Graeme welcomed DG Simon Manning, PDG Anthony Scott and visiting Rotarian Lorne King of the RC of Chilliwack-Fraser British Columbia.

PDG Anthony said he had come to say what he would have said if he had come to our Changeover. He then called on the person who was the District Scholarship Committee for the last several years to come forward. This was Margaret Emerre.

PDG Anthony presented her with a sapphire star to her PHF. He said it was an award from District and the last several District Governors had been involved in deciding on it. Congratulations Margaret.

We all failed to answer a Rotary question from Denys Pinfold in spite of him having actual chocolate fish on the table. Bob Laybourn won the raffle.

## Report from the 50<sup>th</sup> Anniversary Proposals Taskforce.

Steve Brazier      Margaret Emerre      Rory O'Connor

Copies of the report had been circulated to all members prior to the meeting. Margaret explained how they had gone about considering the proposals and objectives which had been generated at the last club forum. She asked that members consider the recommendations and fill in the table near the end of the report which enables a rank to be assigned to each

proposal against the criteria listed. The forms should then be emailed to a member of the taskforce. The results of this process may not be decisive. It is meant as an information gathering exercise to assist the Board make a decision.

The Board will consider the proposals and the views gathered from members at its meeting on Monday night.

Rory then chaired a session where members could ask questions and put forward views. Secretary Steve Spence made notes on a whiteboard.

Matters aired included:- Two suggested projects seemed to have been omitted. These were  
 - enhancing our scholarship scheme and,  
 -erecting a commemorative plaque.

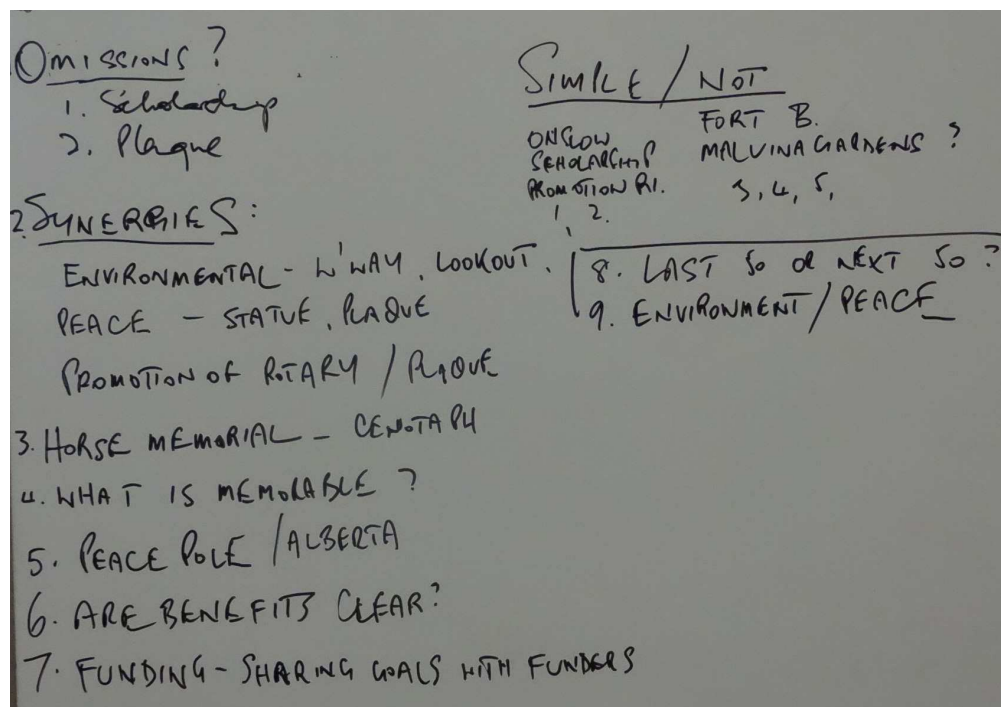

The possible synergy between some projects was not dealt with in the report. One suggestion was that they could be grouped as either environmental or memorials.

There was a caution about assuming that other clubs would like to join us in a project.

There was a call to do something for the now and/or the future rather than building memorials.

This was followed by a desire to help with the challenges we face global warming and the advance of peace.

## PARTING THOUGHT

*By your 50<sup>th</sup> anniversary it is hard to do great things  
but you can do many small things in a great way.*
