TODAY

President David Bennett welcomed us on a sunny brisk autumn day. Margaret Emerre said she had taken orders for a box of Entertainment Books and all but two have been paid for and given to members.

Ross Foubister said he was happy to be in NZ. Gerald McGhie said he was happy with his book launch and happy that so many members attended it.

The A.G.M. was reconvened and Michael Gorman was elected as President Elect Nominee. Applause.

Consideration of the accounts did not proceed because the President did not have a copy, the treasurer was absent and some members claimed not to have seen them. The meeting was again adjourned. (A copy of the accounts was emailed to all but one member before the February meeting and mailed to the other member. Another copy will be emailed today. Editor)

by Noon Wednesday.

LAUNCH OF NEW COMMITTEE STRUCTURE

President David and President-elect Ross Foubister then presented their proposed committee structure. This followed the case made at forum for the introduction of committees. (One reason for this was to involve every member in an activity.) This took the form of a list of proposed committees with each member allocated to one or in a few cases more of the committees.

Discussion was wide ranging. Some themes emerged. The number of committees devoted to some aspect of running the club seemed excessive. Members had a preference for committees that had a project to complete. The lack of an International Committee was lamented. There is after all no shortage of needs in the World and funding is available from RI for projects.

There was a lot said in favour of regular committee meetings in members' homes while others favoured devoting a regular meeting to committees perhaps once a month.

There were also of course quibbles about individual placements.

President David and Ross undertook to review and refine their proposal and come back to the club. It is to be hoped that they do this soon, possibly with the aid of the next board meeting and then announce what we are doing.

FUTURE BOARD MEETINGS

Tuesday 6 June

Tuesday 4 August

PARTING THOUGHT *-from Maurice Scott*

If Columbus had an advisory committee he would probably still be at the dock.

- Arthur J Goldberg
