TODAY

President Ross Foubister welcomed us on a another fine day.

Rt Rev Dr Bishop Ellie Sanderson
Assistant Bishop of Wellington
Doing Good in the World

Laurie Bond was happy for no reason, Maurice Manttan was happy to have been in Central Otago including Miller's Flat. This is the first record we have of a member being happy about

Miller's Flat though that does not preclude the possibility that others have been.

Graeme Waters and John Mohi reported on their attendance at a membership forum in Christchurch run by Rotary for all NZ clubs. They mentioned the resources available to clubs to assist in building membership including resource people, publications and on line material.

They talked a little of what they learnt and we discussed how we could be more active in following up young people we have sent to RYLA and other programmes and those who have received scholarships from us. This could involve a special form of membership or a subsidiary section of the club. There was recognition that regular lunch time meetings were no use for such people.

At this point the meeting reformed into the various committees and each dealt with their own matters. Any that decided anything of general significance can give the editor details for the next Bulletin.
