President Graeme Waters welcomed us. Morris Robertson introduced visiting Rotarian Jenny Lucas of the Plimmerton Club. Her husband was our speaker today. Bob Laybourn introduced a new friend and neighbour David Dobson. Congratulations to Bob for not just reading the duties list but acting on it. Sadly the chocolate fish supplier was not with us today.

President Graeme confirmed that the RC of Kaukau will be launched in August with 20+ members and he has invited representatives to our changeover.

Roy Ferguson introduced David Young who is known to many of us and was a recent guest speaker. Roy proposed him for membership and today President Graeme inducted him into the club with the classification Transport planning.

Chris Tempest said this was his last meeting as he and Lyn are moving to Wanaka although they have yet to buy a house. Chris will continue to have the same mobile number.

TODAY'S SPEAKER

Ron Lucas RC of Plimmerton

RON AND JENNY LUCAS

Paul Tipping introduced Ron Lucas who worked as a surveyor on his own account and is now retired. He spoke about the Te Ara Piko project with which he has been involved from the start at the turn of the century. The concept is simple, the Rotary Club of Plimmerton and the Porirua City Council will work together to provide a walkway round the Pauatahanui Inlet.

He told us what they have done and something about how. Physical work got underway in 2005 with \$100,000 from the council and the club raised \$250,000. Ten years and \$10,000,000 later there is an impressive and well used walkway cum cycleway from Whitby to Motukaraka Point. If not familiar with the area see <http://plimmertonrotary.org.nz/Te+Ara+Piko+Pathway+Award>

Because the inlet is of high ecological, aesthetic and recreational values there are a lot of local, regional and national bodies interested in it as well as local inhabitants. He told us that they learnt the necessity of consultation which could be time consuming but better than being stopped, and the necessity of meeting the requirements or often the wishes of interested parties. And members have been hands on with some construction tasks, raising and planting native plants and also using their own professional skills.

Most of the money they raised came from trusts which supported projects which had interests in the values of the area. They have a presence on Give-a Little but Ron said that their project whilst popular does not compete against appeals that tug at the heartstrings.

The club also raises some funds directly and for example made \$20,000 from a recent Garden Trail. Side effects are that the community now backs the project, the club is appreciated and new members have joined to take part in the project.

Morris Robertson proposed a vote of thanks.
